

JUDE BURNEA

FULL-STACK WEB DEVELOPER

BS Information Technology student with hands-on experience building full-stack web applications. Skilled in JavaScript, TypeScript, PHP, Node.js, React, Next.js, and Laravel. I enjoy turning ideas into real, usable systems and learning new technologies that help solve real-world problems.

PROJECTS

PAC-AIMS — Filipino Sign Language Recognition System

React Express Prisma MySQL MediaPipe DTW Ollama

- Built a sign language recognition system using MediaPipe Holistic for landmark extraction and Dynamic Time Warping (DTW) for gesture matching.
- Implemented confidence scoring and normalization to improve recognition accuracy.
- Integrated Ollama (Mistral) to convert recognized signs into complete sentences.

PAC-AIMS — School Payment & Billing System

Laravel MySQL Blade Tailwind CSS Mailtrap

- Developed a role-based payment system for students, parents, cashiers, and administrators.
- Features include billing, payment approval (GCash/Maya), carryover balances, email verification, and calendar events.
- Deployed on Render with Clever Cloud MySQL.

TaskFlow — SaaS Project Management Tool

Next.js TypeScript Supabase Clerk Groq API Tailwind CSS

- Built a Kanban-based project management tool with drag-and-drop functionality.
- Added AI-powered task suggestions and real-time updates.
- Deployed on Vercel.

JDB Parts — E-Commerce Platform

PHP MySQL Bootstrap PayMongo PSGC API

- Developed a multi-panel e-commerce system (admin, staff, customer).
- Integrated PayMongo (GCash/Maya) for secure online payments.
- Implemented shipping calculation, order tracking, and stock management.

NexCRM — CRM Platform

Next.js Prisma PostgreSQL Tailwind CSS

- Built a CRM system with modules for contacts, companies, and activities.
- Implemented authentication, CRUD operations, search, and pagination.
- Ensured data validation and responsive UI.

OTHER INFORMATION

WORK STYLE

- Quick learner
- Able to work independently or with a team
- Good problem-solving skills
- Adaptable and open to feedback

INTERESTS

- Web Development
- UI/UX Design
- Artificial Intelligence
- Problem Solving
- Learning New Tech

LANGUAGES

- English – Proficient
- Filipino / Tagalog – Native

TECHNICAL SKILLS

Languages

- JavaScript
- TypeScript
- PHP
- Python (Basic)

Frontend

- React
- Next.js
- HTML5
- CSS3
- Tailwind CSS

Backend

- Laravel
- Node.js
- Express.js

Database

- MySQL
- PostgreSQL
- Prisma
- Supabase

Tools & Others

- Git
- GitHub
- Docker
- Vercel
- Render
- Postman

EDUCATION

Bachelor of Science in Information Technology

Philippine Advent College Inc.
Sindangan, Zamboanga del Norte
